AUDITION INSTRUCTIONS

READ ALL INSTRUCTIONS CAREFULLY BEFORE YOU BEGIN.

Create and submit a **video** recording (**unlisted** video on YouTube.com) of each of the following three audition segments.
You will submit a total of three videos.

1. Video recording of yourself singing all scales and triads (One major scale + three minor scales + four triads).
 - a. Before you begin, say your name.
 - b. Identify which scale or triad you are singing before you begin singing it.
 - c. Sing from memory.
 - d. Use hand signs if you are able.
 - e. Starting pitches for scales and triads: as noted on your voice part sheet
 - f. You can use any instrument or device to get your starting pitch.
2. Video recording of yourself singing "Measure Me, Sky" mm. 1-12. (Note: mm. 1-3 are rests, but you can leave them in your audition recordings.)
 - a. Before you begin, say your name and which part you are singing.
 - b. You should sing with the recording playing the accompaniment so the accompaniment is also heard in your video. Make sure you can be heard above the recording.
3. Video recording of yourself singing "Star Spangled Banner" a cappella. (Sing the entire piece.)
 - a. Before you begin, say your name.
 - b. Recommended starting pitches (any of these will work): D, Eb, E
 - c. This piece should be from memory because it's the national anthem. Look up the words if you don't know them.
 - d. Do not add any extra notes, ornaments, or anything else (including high notes on "land of the free").

Submit each video as a separate Unlisted YouTube video in the form. You will be submitting three videos in total.

Video 1: Scales and triads

Video 2: Measure Me, Sky

Video 3: Star Spangled Banner
